MAJOR IN ENGLISH

Through an intensive study of literature, the major in English gives students a knowledge of the broad outlines of literature and encourages them to engage in critical
thinking. The English faculty promotes the development of both a critical reading ability and mature writing skills.

The major in English can lead to either a Bachelor of Arts or a Bachelor of Science degree (secondary education). The curriculum is designed to build a strong foundation for careers in teaching (secondary school and college), business, and communications, and to prepare students for graduate study in many different professional areas.

**Secondary Education (Bachelor of Science Degree)**

Students interested in pursuing a career in the teaching of English must first be accepted into the program and into the School of Education. See the department website for application information. To meet State and departmental requirements, secondary education majors in English must maintain an overall GPA of 2.7 or better and an average of 3.0 or better in their English courses.

Because the State Department of Education regularly updates its requirements for teacher certification, new courses may be added to the program by the time a student is ready to graduate and be certified. Students are encouraged to stay informed about their program area requirements and see their advisers often. The Gate System below suggests a sequence for completing key professional courses. No undergraduates should register for ENG 494 and ENG 496 until all other program requirements have been completed. Students who successfully receive the B.S. degree and pass Praxis® II will be recommended for Initial Teaching Certification.

**Gate System**

All students enrolled in the secondary education program in English must proceed through the program’s Four Gates in the proper sequence:

Gate 1: Application to the School of Education*; Application Portfolio; Interview with the Secondary Education Committee; Taking Praxis® Core exam

(*A student may take no more than two professional education courses prior to acceptance into the School of Education)

Suggested key courses: EDU 201 (fieldwork experience), SHE 203

Gate 2: Fieldwork experience in ENG 492 —Teaching Literature to Adolescents

Suggested key courses: ENG 492, EDU 413, RDG 517, MDS 340, SED 482

Gate 3: Fieldwork experience in ENG 493 — English (Secondary School)

Suggested key course: EDU 471

Gate 4: ENG 494—Student Teaching (English) and ENG 496*—Student Teaching Seminar (English); Student Teaching Portfolio; and passing Praxis® II Content, required for certification but not graduation.

*Taken concurrently with EDU 496; all other professional education courses must be completed prior to enrolling in these two courses during the student teaching semester.
**Passing Praxis® II is a requirement for certification.

The specific professional requirements for Initial Teaching Certification in Connecticut are listed in the secondary education section of the School of Education.
The department offers the following:

English, B.A., Concentration: Creative Writing
English, B.A., Concentration: Literature
English, B.A., Concentration: Professional Writing
English 7-12, B.S.

English 7-12, Post-Baccalaureate Certification
Minor in English - Creative Writing
Minor in English - Language, Literature, and Writing
Minor in English - Literature
Minor in English - Professional Writing
ENGLISH 7-12, POST-BACCALAUREATE TEACHER CERTIFICATION

The Post-Baccalaureate Teacher Certification Programs offer a defined set of courses beyond the undergraduate degree to prepare candidates for Connecticut teacher certification, though they do not lead to a degree. These programs require a bachelor's degree for admittance. However, since these programs are composed of undergraduate coursework, they are offered as undergraduate programs. These programs can be pursued on a full-time or part-time basis.

Candidates must maintain good standing throughout the teacher education program and meet all State requirements for certification (state licensure exam, online modules, etc.) in order to be recommended for certification to the State Department of Education. Students are responsible for familiarizing themselves with Connecticut's teacher certification regulations and keeping abreast of changes to those regulations. If state regulations change before completion of a certification program, students will be required to meet these new regulations in order to receive the University's recommendation for certification to the State Department of Education.
