HONORS MINOR IN TRANSDISCIPLINARY CONCEPTS AND PERSPECTIVES

18 Credits Required

The Honors Minor in Transdisciplinary Concepts and Perspectives creates a meaningful and intentional course of study leading to the completion of an Honors College capstone project. Students work with a faculty advisor to develop a program of advanced study across disciplines that will broaden their perspective and deepen their understanding of issues related to their capstone experience.

Requirements:

• HON 300 - Introduction to Service Learning

Select one from the following 6-credit Capstone requirements:

• HON 494 and HON 495 - Departmental Honors Prospectus/Thesis
• HON 492 and HON 493 - Honors Interdisciplinary Prospectus/Thesis
• HON 460 and HON 461 - Community Engaged Research I and II
• HON 488 - Place as Text
• Faculty Led International Study Abroad: Programs, including international study sponsored by departments/programs within SCSU, Honors International Study courses through NCHC (National Collegiate Honors Conference), or Honors College sponsored study-abroad opportunities.

Minimum 9 credits of electives from the following:

• HON 254 - Utopias and Dystopias
• HON 255 - Ambiguity and Uncertainty in the Arts & Sciences
• HON 298 - Special Topics
• HON 350 - Research Seminar
• Other interdisciplinary electives approved by the Honors College Director/Assistant Director
