PHYSICS 7-12, POST-BACCALAUREATE TEACHER CERTIFICATION

Post-baccalaureate education programs offer a defined set of undergraduate courses to prepare candidates for Connecticut teacher certification. These programs require a bachelor's degree for admittance, though they do not lead to a certificate or degree. The program course outline and completion requirements for this catalog year are listed below. The department website provides an overview of the program, including admission requirements (when applicable), faculty biographies, learning outcomes, and careers: https://www.southernct.edu/academics/physics/programs

Please also consult the College of Education page for additional information about the admission requirements for educator preparation programs.
