PHYSICS 7-12, POST-BACCALAUREATE TEACHER CERTIFICATION

Post-baccalaureate education programs offer a defined set of undergraduate courses to prepare candidates for Connecticut teacher certification. These programs require a bachelor's degree for admittance, though they do not lead to a certificate or degree. The program course outline and completion requirements for this catalog year are listed below. The department website provides an overview of the program, including admission requirements (when applicable), faculty biographies, learning outcomes, and careers: https://www.southernct.edu/academics/physics/programs.

This is also a teacher/educator preparation program that prepares students for teacher certification in the state of Connecticut. For more information about admission to these programs, please visit Admissions>>Teacher/Educator Preparation Programs.

In addition, candidates recommended for certification must meet the requirements listed below and in effect on the date the CSDE receives the certification application. For more information about these additional CSDE requirements, please visit Degree Requirements>>Teacher/Educator Preparation Programs.
