### Program Notes

- Students must be accepted to the major in order to complete Psychology Groups 5R, 6R, 7R, 8R, and 10R. Students are considered Pre-Psychology until acceptance, and may officially select the B.S. program when accepted. Acceptance requirements are: 39 or more credits; 2.70 GPA or higher; B- or higher in at least two 200-level PSY courses.
- The B.S. program has recommended course selections for Behavioral Neuroscience (BNS), Cognitive Science (CS), and Applied Psychology & Assessment (AP&A). Requirements listed with * have track-specific recommendations, which are listed in the university catalog.
- This map assumes the following placements: ENG 112, MAT 100P, WLL 200. Students with different placements may have more or fewer university electives than indicated here.
- For more information regarding academic requirements, including the Liberal Education Program (LEP), please visit the program page at http://catalog.southernct.edu. Any questions about academic requirements should be directed to an advisor.
